Lemanik Sicav’s funds will be classified as Article 8 SFDR

Lemanik Sicav will introduce changes to its offerings starting next February.

Starting Feb. 14, the investment policies of ten sub-funds will be changed to reflect the promotion of environmental or social features and which, as a result, will be classified as **Article 8 SFDR products**.

Article 8 Products

The environmental and social features promoted by the sub-funds consist of the investment manager’s exclusion of companies considered controversial. In addition, for all sub-funds, it will be ensured that investee companies are not involved in governance disputes, and the quality of the companies’ corporate governance practices will be assessed.
